Good Morning!

Thank you all for your quick responses to our Read Naturally training time and date! The choice was a resounding yes for next Wednesday February 15th from 8:45 to 9:45. We will meet in the Safety Net classroom #143. Don’t forget to sign in at the office first. I will assume each of you are able to attend as everyone said this date would work for them. As previously mentioned it is difficult to arrange additional training times but please let me know if you are unable to make it. I will have a packet ready for you and you will learn all you need to know for working with the students in Read Naturally. I am looking forward to meeting each of you and am grateful for your willingness to volunteer in this program.

Thank you,
Perfect! Thank you Leslie. I’ll be contacting them soon to set up a training date. I’ll also plan to assess your list of students (don’t forget to send that to me as well) for a starting level in the next week or so. It’s great to be able to offer this reading opportunity to your capable kinder readers!

Tamara

Good Afternoon Volunteers!

I received your names from our kindergarten teachers as willing volunteers for your classroom Read Naturally program. I am the coordinator for our school wide program and am excited about getting this up and running for our capable readers in kindergarten. Smith already has about 45 volunteers in our program for the other grade levels and we are ready to train each of you to work in your child’s kindergarten classroom. It is our policy that each volunteer be trained to work with the students and with this curriculum before they are allowed to volunteer. This ensures we maintain the purpose and goals of this fluency program as well as the practical side of charting the data for each child so we can monitor progress and move them along as needed. Arranging a time to schedule this training that will work for everyone is quite the challenge! I am limited in the times that I am available throughout the day with my other responsibilities as I know you are. I am suggesting two possible training times and would like you to vote via email the time that will work best for you. Then, the day that works best for the majority will be selected and I will email you with details. Please be flexible and do your best to attend so we can get you reading with our students soon!

Monday February 13th from 9:15 to 10:15
Or
Wednesday February 15th from 8:45 to 9:45

I’ll be in touch once we select a training day as to the room we will meet in. Please respond as soon as possible as both of these dates are coming up next week! Thank you so much for volunteering for this valuable reading opportunity for our kindergartners.
